

## Tender Notice No. QATPL-EMS-01/2016

### **Hiring of Environmental Monitoring Services of 1180 MW Combined Cycle Power Plant at Bhikki, Punjab.**

Quaid-e-Azam Thermal Power (Private) Limited (QATPL) is a company, wholly owned by the Government of Punjab and incorporated under the Companies Ordinance 1984. QATPL is setting up an 1180 MW (Gross) Combined Cycle Power Plant at Bhikki, 18 km from Sheikhpura under the IPP (Independent Power Producer) regime.

The project will be commissioned in phases; both Gas Turbines (Simple-Cycle) are scheduled to reach Commercial Operations Date (COD) in first quarter of 2017; and the Complex (Combined-Cycle) is scheduled to reach Commercial Operations Date in last quarter of 2017.

Since the project is entering commercial operations soon, QATPL has certain obligations to monitor the environment during the operational phase as per Environment Impact Assessment (EIA) Report and as per regulations of the Environmental Protection Agency (EPA). QATPL requires the services during simple-cycle period; of a reputed firm well established in the field of Environmental Monitoring.

For this purpose, QATPL invites sealed bids from interested Firms having certification from EPA and registered with Sales Tax / Income Tax Departments for provision of Services for the subject Power Plant.

A complete set of Bidding Documents containing requisite information and instructions required for preparation and submission of bids can be obtained from the address below after payment of a fee of Rs. 2000/-. Bids prepared in accordance with the Bidding Documents, must be delivered to the following address by December 27, 2016 till 1300 hours (Pakistan Standard Time).
